

**Attention: Delaware Prescription Assistance Program Client**

Your prescription coverage through the Division of Medicaid and Medical Assistance needs to be coordinated with the new Medicare Pharmacy Benefit program.

A one-time 72 hour emergency supply of medicine has been prepared for you

***You will need to take immediate action to avoid additional problems with obtaining your medications.***

You must call for assistance: **1-800-996-9969 option 2 then option 2**. The call center will explain the steps that you **must** take to continue receiving your medications. If you have signed up with a Medicare Prescription Drug Plan please have that information available when you call.
