

Dear Delaware Prescription Assistance Program Client,

On January 1, 2006, new Medicare Prescription Drug Plans will offer prescription drug coverage to anyone eligible for Medicare.

If you have Medicare, you must enroll in a Medicare Prescription Drug Plan and show proof of enrollment in order to be eligible for DPAP on January 1, 2006.

If you have limited income and resources, you may be able to get extra help from Social Security that will help to pay for the monthly premiums and deductibles for the new Medicare drug benefit. If you don't qualify for the extra help, DPAP will pay the **basic** monthly Medicare Prescription Drug Plan premium as part of your \$2500 annual DPAP benefit.

Please watch your mail for information from the following companies. You will need to compare these plans and pick which plan is best for your pharmacy needs. These are the Medicare Prescription Drug Plans that are being offered in Delaware:

Aetna Life Insurance Company
American Progressive Life and Health Ins. Co.
Connecticut General Life Insurance Company
Coventry Health and Life Insurance Company
